Exhibition Centers

Ambassadors of the FIAP

Exhibition centers

After FIAP closed its headquarters in the city of Paris, its president, Riccardo Busi, considered that all the activities that develop the FIAP should have a greater diffusion and irradiation among all its Operational Members, the photo clubs and their photographers and sympathizers.

As a result, the FIAP Exhibition Centers have been created to be the spokespersons, in every place where FIAP is present, of the activities organized by this. The photographic exhibitions allow making known the photographers and their works allowing to see how the photographic activity evolves around the world. The life of the Exhibition Centers is not only based on exhibiting images and photographic collections of the most diverse subjects but also on giving lectures and photographic talks to comment on the works that are exhibited in them. Photographic exchanges are the most important aspect of the knowledge that is developed in them. It is extremely important to give life and movement to all the FIAP Centers. In all the exhibitions that are exposed, the FIAP Auspices can be granted, these are free of charge and give greater prestige to the exhibitions held in the Centers.

In short, the Exhibition Centers are the "Ambassadors of the FIAP".

TAIWAN

First-ever Asian Club among top three winners of FIAP World Cup 2018

The Photographic Society of Taipei (PST), an IFIAP Member, was among the top three winners of the 13th FIAP WORLD CUP for Clubs held in Montevarchi, Italy in December 2018. PST finished 3rd, losing by a point to 643 Eurasia Club of Russia for the FIAP Gold Medal, and had to settle for FIAP Silver Medal with 386 points. Bulgaria's Photoclub BGART won the 2018 World Cup with 401 points.

PST became the first Club from Asia to be among the top three winners, ever since the annual FIAP World Cup for Clubs was inaugurated in 2006. "It was an outstanding performance for PST which was participating in the event for the first time", according to Feng-Lin Chen, PST's FIAP representative. "If not for the continuing encouragement and advice from FIAP Board Member David Tay and the unwavering support of PST President Chiang Che-Ho, our Society would not participate in the 13th FIAP World Cup competition", said Chen who is also the General Chairman of Taipei International Salon, organised by PST with FIAP Patronage.

Chen said "after reviewing the works of past years' winners, PST chose a theme based on Nature for its set of 20 images submitted by 5 of its members". Four of the representatives' works are reproduced here.

Altogether, 188 clubs from 37 different countries with a total of 3,760 pictures participated in the 2018 FIAP World Cup event. The prize-award presentation and exhibition will

be held in Belfast, Northern Ireland on 11 May 2019.
